1. Outcomes of Extension activities in the neighborhood community "Blood Donation Camps"

Date: - 16/11/2018

Event coordinator: - Prof. Ratikanta ray

Blood bank name: Blood bank – MIMER, Talegaon Dabhade

Chief Guest: Dr. Sanjay Dharmadhikari {Campus Director}

Blood donation camps are valuable extension activities that have helped have various positive outcomes for the neighborhood community. Here are some outcomes:

1. Increased Blood Supply:

The primary goal of a blood donation camp was to collect blood donations. Successful camps lead to an increased supply of blood, which can be crucial for medical emergencies, surgeries, and treatments.

1. Community Engagement:

Blood donation camps provide an opportunity for community members to actively participate in a social cause. This engagement fosters a sense of community and encourages individuals to contribute to the well-being of others.

2. Health Awareness:

Organizing blood donation camps often involves spreading awareness about the importance of regular blood donation and its impact on saving lives. This increased awareness can lead to a healthier and more informed community.

3. Establishing a Culture of Giving:

Hosting blood donation camps contributes to the development of a culture of giving within the community. It sets a precedent for charitable actions and encourages individuals to consider other ways they can contribute to the well-being of society.

4. Community Health Assessment:

The process of organizing a blood donation camp may involve health assessments, such as checking donors for eligibility and ensuring a healthy donor pool. This can indirectly contribute to the overall health assessment of the community.

5. Sense of Pride:

Successfully organizing and participating in blood donation camps can instill a sense of pride within the community. Knowing that the community actively contributes to saving lives can enhance community morale.

2. Outcomes of Extension activities in the neighborhood community "A donation drive for the needy"

Date: August 26, 2018

Venue: DYP IMED Institute

Objectives of the event :

1. To make students understand the value of community
2. To make students aware about their responsibilities towards society
3. To make students aware about how even a small contribution can make a huge difference in others lives.

Report of the Event :-

A donation drive for the needy is a meaningful extension activity that brought about various positive outcomes for the neighborhood community. The primary goal of a donation drive is to collect resources such as clothing, food, household items, or financial contributions. The redistributed resources can directly benefit individuals and families in need within the community.

Dr. Sanjay Dharmadhikari (Director - Dr. DYPIMED) stated that by providing essential items and financial assistance to those in need, a donation drive contributes to poverty alleviation within the community. It helps address immediate needs and improve the overall well-being of vulnerable individuals. Donation drives often create a sense of social inclusion by bringing community members together to support those facing hardships. This fosters a spirit of empathy and solidarity among residents.

Organizing a donation drive raises awareness about the challenges faced by some community members. It educates individuals about social issues and encourages a deeper understanding of the needs of marginalized or disadvantaged groups. The act of organizing and participating in a donation drive empowers the community to actively engage in social issues. It demonstrates that the community has the capacity to make a positive impact on the lives of its members.

Donation drives provide an opportunity for educational initiatives and advocacy efforts. Community members can learn about the root causes of poverty and other social challenges, leading to informed discussions and potential long-term solutions.

In conclusion, a donation drive for the needy is a powerful extension activity that goes beyond providing material support. It has the potential to create a more compassionate, aware, and empowered community, fostering positive social change.

3. Outcomes of Extension activities in the neighborhood community "Hariyali Utsahvardhan Abhiyan 2019"

Date: - 14/03/2019

Event coordinator: - Prof. Ratikanta ray

Chief Guest: Dr. Sanjay Dharmadhikari {Campus Director}

Dr. D Y Patil Institute of Management & Entrepreneur Development has conducted and started an initiative called "Hariyali Utsahvardhan Abhiyan" Outcomes that are associated with an initiative like "Hariyali Utsahvardhan Abhiyan" are :

1. Increased Green Cover:

One of the primary goals of tree plantation campaigns is to increase the green cover in the community. This contributes to environmental health, biodiversity, and overall aesthetics.

1. Air Quality Improvement:

Planting trees helps in the absorption of pollutants and the release of oxygen, leading to improved air quality in the neighborhood.

2. Climate Change Mitigation:

Trees play a crucial role in mitigating the impacts of climate change by sequestering carbon dioxide and helping to regulate local climate conditions.

3. Community Engagement:

Initiatives like "Hariyali Utsahvardhan Abhiyan" often involve community members in planting and caring for trees. This engagement fosters a sense of responsibility and environmental consciousness.

4. Water Conservation:

Trees help in preventing soil erosion and promoting water conservation by reducing runoff. This is especially important in areas prone to water scarcity.

5. Wildlife Habitat Creation:

Planting trees contributes to the creation of habitats for various wildlife species. This helps in maintaining and enhancing local biodiversity.

6. Aesthetic and Recreational Benefits:

Green spaces created through tree planting enhance the overall aesthetics of the community. These areas can also serve as recreational spaces for residents.

7. Community Health Improvement:

Trees have been linked to various health benefits, including stress reduction, improved mental well-being, and the promotion of physical health.

8. Partnerships and Collaboration:

Environmental campaigns often involve partnerships with local organizations, government bodies, and businesses, fostering collaboration for a common cause.

9. Long-Term Impact:

Depending on the scale and sustainability of the campaign, the "Hariyali Utsahvardhan Abhiyan" could have a lasting impact on the community's environmental consciousness and practices.

5. Outcomes of Extension activities in the neighborhood community "Traffic Awareness"

Date: - 12/08/2018

Event coordinator: - Prof. Ratikanta ray

Chief Guest: Dr. Sanjay Dharmadhikari {Campus Director}

Objectives of the event :

1. To Raise Awareness about Road Safety
2. To Reduce Traffic Accidents:
3. To Encourage Seat Belt and Helmet Use:
4. To Prevent Drunk and Distracted Driving:
5. Promote safe Driving Practice

Report of the event :

"Traffic Awareness" extension activities in a neighborhood community are designed to educate residents about road safety, traffic rules, and responsible driving. The outcomes of such initiatives can have a significant impact on the community's overall safety and traffic management.

Here are outcomes:

- Increased awareness of traffic rules and safe driving practices can lead to improved road safety within the community, reducing the likelihood of accidents and injuries.
- Education on traffic rules may contribute to a decrease in traffic violations, such as speeding, running red lights, and improper lane changes.
- A more informed and aware community is likely to experience a decrease in the number of accidents, resulting in fewer injuries and property damage.
- Traffic awareness initiatives often emphasize the importance of pedestrian safety, leading to a safer environment for those walking in the community.
- Better awareness of traffic rules and responsible driving can lead to smoother traffic flow and reduced congestion within the neighborhood.
- Increased awareness may foster a sense of community policing, with residents voluntarily helping to monitor and enforce traffic rules within the neighborhood.
- Improved traffic management and reduced congestion can contribute to a decrease in noise and air pollution in the community.
- Residents who are educated about traffic rules and emergency procedures can respond more effectively in case of accidents or medical emergencies.

6. Outcomes of Extension activities in the neighborhood community "OLD AGE HOMES".

Date: - 11/07/2018

Event coordinator: - Prof. Ratikanta ray

Place: 'Matoshree' (OLD AGE HOME)

Chief Guest: Dr. Sanjay Dharmadhikari {Campus Director}

A visit to an old age home as part of extension activities in a neighborhood community can have various positive outcomes, impacting both the elderly residents and the community members involved. Here are potential outcomes:

1. Enhanced Empathy and Compassion:

Community members, especially younger individuals, may develop a deeper sense of empathy and compassion towards the elderly by interacting with them and understanding their needs.

1. Reduced Social Isolation:

Regular visits can help combat social isolation among the elderly residents of the home. Interactions with community members can provide companionship and alleviate feelings of loneliness.

2. Intergenerational Bonding:

Visits to an old age home foster intergenerational relationships between the elderly residents and younger community members. This can create a sense of connection and mutual understanding.

3. Mental Stimulation:

Interactions and activities organized during visits can provide mental stimulation for the elderly residents, promoting cognitive well-being and preventing feelings of boredom or stagnation.

4. Awareness of Elderly Issues:

Community members may gain a greater awareness of the challenges faced by the elderly, such as healthcare needs, emotional well-being, and financial concerns.

5. Volunteerism and Community Service:

Visits to an old age home can inspire community members to engage in more volunteer activities and community service, fostering a sense of responsibility and solidarity.

6. Increased Understanding of Aging Issues:

Community members may develop a better understanding of the challenges associated with aging, including health issues, accessibility concerns, and the importance of emotional well-being.

7. Enhanced Community Cohesion:

Activities involving visits to an old age home can strengthen the bonds within the community, promoting a culture of mutual support and care for all members, irrespective of age.

8. Long-lasting Friendships:

Visits can lead to the formation of meaningful and long-lasting friendships between community members and elderly residents, creating a sense of extended family and support.

In summary, a visit to an old age home as part of community extension activities can have far-reaching positive effects, promoting empathy, understanding, and a strong sense of community among all involved.

Objectives of the event

1. To Understand Socio Economic Development
2. To know Education and Skill Development.
3. To understand the Healthcare Access
4. To support Agricultural and Rural Livelihood Development

Report of the event :

The "Utthan" Village Adoption Program is likely designed to uplift and improve the socio-economic conditions of a village community. Here are potential outcomes associated with such extension activities:

1. Improved Infrastructure:

The program may contribute to the development of better infrastructure in the adopted village, such as roads, sanitation facilities, and community centers.

1. Enhanced Education Opportunities:

Investments in education, including the construction of schools and provision of educational resources, can lead to improved access to quality education for children in the village.

2. Healthcare Facilities:

The program may focus on improving healthcare facilities in the adopted village, including the establishment or upgrading of clinics, vaccination programs, and health awareness campaigns.

3. Economic Development:

Initiatives supporting local industries, vocational training, and entrepreneurship can lead to economic development within the village, creating job opportunities and increasing income levels.

4. Agricultural Support:

The program might include initiatives to improve agricultural practices, provide access to modern farming techniques, and support farmers in increasing productivity.

5. Water and Sanitation Improvements:

Investments in clean water supply and sanitation facilities can significantly improve the health and well-being of the community.

6. Renewable Energy Adoption:

The program might encourage the adoption of renewable energy sources, such as solar power, to address energy needs in a sustainable manner.

7. Social Harmony and Inclusion:

The program might emphasize social harmony and inclusion, promoting unity among diverse sections of the community and ensuring that development benefits all.

8. Monitoring and Evaluation:

Regular monitoring and evaluation mechanisms can ensure that the adopted village program is achieving its goals and allow for adjustments based on the evolving needs of the community.

9. Capacity Building:

Training and capacity-building programs for community leaders and members can enhance their skills and ability to sustain and manage the development initiatives in the long run.

Event name : "Return to Society 2020"

Report On: Return to Society 2020

Date of Report: 23rd December 2020

Name of the Event: Dr. D. Y. PATIL IMED Community Outreach Program – "Return to Society 2020"

Date: 1st December 2020 to 25th December 2020

Time: Not applicable

Venue: At various locations

Complete Report:

Dr. D. Y. PATIL IMED - Talegaon Dabhade has always made an attempt for a holistic community outreach. We started an initiative called # Return to Society in the year 2019.

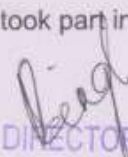

This year too we are spreading some smiles and are celebrating the Spirit of the Corona Warriors who served us directly or indirectly in the Pandemic times. Remember the good old doctor who lives in your neighborhood? Every day, you would find him/her at his/her clinic. Calm, gentle, patient, he/she would untiringly speak to each and every patient and understand their medical issues. He/she was there for everyone and his presence was an assurance to everyone that they will get well soon.

Not only Doctors, but there were many such warriors who served from time to time and were resilient, resolute and steadfast in their mission. They have prioritized service over everything else in their life and they have proved it by their dedicated and unflinching selfless service from time immemorial. They are the nurses, and ward boys, the police officers, delivery persons, and ration shop owners, vegetable-fruits vendors, and sanitation and security employees.

The Staff of Dr. D. Y. PATIL IMED - Talegaon Dabhade, took some time out and appreciated the untiring efforts of the Corona Warriors by giving some daily necessities, face shields, masks, clothes, food and rationing items, blankets, personal hygiene products etc. to the Corona Warriors. And above all the staff members said a big Thank You to all of them for the selfless service!

As students were not on campus due to the Covid19 Scenario, all staff members took part in this wonderful initiative at Individual Level.

Event Name : E-Payments Awareness

Date: 12/12/2022

Location : Shivaji Chowk , Talegaon Dabhade

We as Dr. D Y PIMED team visited Our Weekly Vegetable Market to Help Small vendors to understand the benefits of accepting money through E payment portals and using Barcodes. In association with ED cell and its team members.

Here are some options that might be available for vegetable vendors and help them to install the barcode scanners as it's even difficult for a lot of people to accept the online payment and deal with this anxiety.

The steps we taught them are as follows :-----

1. Make them aware that: Customers can make payments by scanning the vendor's QR code or entering their mobile number.
2. It's a convenient and quick way to transfer money.
3. Bank Transfer: Make them aware that Money gets transferred immediately and it's safe.
4. Bharat QR: Bharat QR is a standardized QR code system that allows vendors to accept payments through various payment apps. Vendors can display their Bharat QR code for customers to scan.
5. Aadhaar Enabled Payment System (AEPS): It's safe that It is linked with Adhar card.

It's important for vendors to inform their customers about the electronic payment options they accept. Additionally, they should ensure they have the necessary equipment, such as smartphones or card readers, and reliable internet connectivity to facilitate electronic payments.

Speaker: Dr. Bharati Dole

Dr. Dole continued to discuss the Patents & CopyRights under the IPR Management in session 2 under the activities of IPR cell. The students were surprised to know that even the cooking recipes can be patented. They had many questions about what can be patented. When and how? Dr. Dole tried to answer all of them.

Students found the sessions as knowledge enhancing & helpful.

IPR-Legal Framework on 15th Oct. 2022

A session on "IPR-Legal Framework" was conducted by Mr. Anil Gupte, Founder Layer3 Media. The session was conducted to cover the topics under Intellectual Property Laws- Patents, copyrights, trademarks and designs. The students learned from the session the process of registering trademarks, protection and prosecution relating to the infringement of intellectual property rights.

He also made the students aware of the different categories under IPR i.e.- Trademarks, Copyrights, Design Rights and Patents.

Innovation and IPR

Resource Person: Mr. Anil Gupte (Founder Layer3 Media)

Date: 24th January 2023, From 9am to 11 am

Mr. Anil Gupte Founder Layer3 Media shared his views with the students about innovation. He started the discussion by asking the students the difference between "Innovation, Invention & Discovery". Anil Gupte has 6 patents registered on his name, thus having thorough knowledge of IPR. He introduced to the students the process of registering Patents and how one can safeguard their own work by Patenting.

Students found the session very interesting and interactive.

shared insights into the historical significance of Sinhagad Fort and the surrounding areas.

Arrival at Sinhagad (8:00 AM): The group reached the base of Sinhagad Fort and commenced the trek to the top. The trek involved moderate to steep slopes, providing students with an opportunity for physical activity and adventure.

Historical Insights: As the group reached the summit, students were given a guided tour of the fort's history and architecture. The faculty members highlighted the fort's significance in Maratha history, its role in various battles, and its architectural features.

Scenic Views: Students enjoyed panoramic views of the Sahyadri Mountains and the lush green landscape, appreciating the natural beauty of the region.

Lunch (12:00 PM): A hearty lunch was arranged at a local restaurant near the fort, allowing students to taste traditional Maharashtrian cuisine.

Return Journey (2:00 PM): The group descended from the fort and commenced the return journey to the institute.

Reflection and Discussion: During the journey back, students engaged in discussions about their experiences and the historical, cultural, and environmental aspects of the trip.

Conclusion: The trip to Sinhgad Fort organized by the RESEARCH CELL of Dr. D Y Patil Institute of Management & Entrepreneur Development provided students with a unique and enriching experience. It allowed them to connect with the historical and cultural heritage of the region, gain a deeper understanding of their surroundings, and foster a sense of camaraderie among students and faculty members. The journey was both educational and recreational, contributing to the holistic development of the students.
