### **Attainment of POs and COs is Evaluated.**

At DYPIMED Attainment of POs and Attainment of COs are measured directly and indirectly.

**Direct attainment of COs** is determined from the performances of students in Continuous Internal assessment by conducting Mid Term, End Term Semester and Assignments and SPPU External Examination.

**Indirect attainment of Cos** is determined from the course exit survey. The exit survey form should permit receiving feedback from students on all COs

The proportional weightage of internal assessment and external assessment is 50:50. Direct attainment of specific COs is determined from the performances of students to all the assessment items related to that particular CO. Hence, every assessment item is to be tagged with the relevant CO and every CO with PO.

<b>Defined Attainment Level W.R.T of the percentage of students scoring the target Marks</b>						
<b>Tools</b>		<b>Level -1</b>	<b>Level -2</b>	<b>Level -3</b>		<b>Target Marks %</b>
<b>SPPU -External exam</b>	If greater than equal to	50	60	70	% of students achieve the target	40
<b>Internal -Mid-term</b>	If greater than equal to	50	60	70	% of students achieve the target	70
<b>Internal -End term</b>	If greater than equal to	50	60	70	% of students achieve the target	70
<b>Assignment</b>	If greater than equal to	50	60	70	% of students archive the target	80

Every Faculty needs to compute attainment values Course attainment and Course w. r. t PO attainment. If the target is not attained then corrective actions are planned by the subject teacher under the guidance of HOD.
