Feedback Analysis Report

(2023-24)

The feedback process involved contributions from five key stakeholder groups: Teachers, Employers, Alumni, Students, and Parents. Each group provided 30 responses, focusing on various aspects of the syllabus and its alignment with academic, industrial, and professional needs. The feedback was categorized into five levels: **Highly Satisfied**, **Satisfied**, **Neutral**, **Dissatisfied**, and **Highly Dissatisfied**.

Key Observations:

1. **Teachers:**
 - A significant percentage (40%) rated the syllabus as **Highly Satisfied**, appreciating its conceptual depth and relevance.
 - Suggestions included the inclusion of more case studies and practical assignments.
2. **Employers:**
 - 27% of employers expressed **Highly Satisfied** feedback, citing that the syllabus aligns moderately with industry expectations.
 - Recommended changes included incorporating emerging technologies and soft skills training.
3. **Alumni:**
 - 33% were **Satisfied**, valuing the foundation provided by the syllabus in their careers.
 - They proposed more project-based learning to bridge academic and real-world applications.
4. **Students:**
 - 50% were **Highly Satisfied**, appreciating the balance between core and elective subjects.
 - Suggestions focused on improving elective options and reducing redundant topics.
5. **Parents:**
 - 30% rated the syllabus as **Satisfied**, emphasizing the need for practical exposure to complement theoretical knowledge.

Chart illustrates the feedback analysis based on input from five stakeholder groups: Teachers, Employers, Alumni, Students, and Parents. Each group contributed 30 responses, categorized as Highly Satisfied, Satisfied, Neutral, Dissatisfied, and Highly Dissatisfied.

This analysis helps identify areas of strength and potential improvements for the next syllabus design under the MBA 2019 Revised Syllabus and MCA 2020 Syllabus.

The bar chart illustrates the distribution of feedback from stakeholders regarding the MBA 2019 Revised Syllabus and MCA 2020 Syllabus. It highlights the varying levels of satisfaction, providing insights into stakeholder perceptions and areas for improvement.

Suggested Changes for Industry-Oriented Subjects and Current Market Technologies

Based on feedback from stakeholders (Teachers, Employers, Alumni, Students, and Parents) and current industry trends, the following changes are recommended for the syllabus of MBA 2019 and MCA 2020 programs:

For MBA Curriculum:

1. **Industry-Oriented Electives:**
 - Introduce electives focusing on **Data Analytics, Digital Marketing, Sustainability and Green Business Practices, and Blockchain in Business.**
 - Offer specializations like **Supply Chain Management in Digital Age and FinTech and Financial Engineering.**
2. **Soft Skills Development:**
 - Incorporate dedicated modules for **Leadership Development, Cross-Cultural Management, and Emotional Intelligence** to improve employability.
3. **Practical Exposure:**
 - Increase focus on **Case Study Analysis, Capstone Projects, and Industry Immersion Programs.**
 - Mandate live projects or internships in collaboration with startups and multinational companies.
4. **Emerging Business Trends:**

- Include subjects on **Artificial Intelligence in Business, SaaS Models, and Sustainability and ESG (Environmental, Social, Governance)**.

For MCA Curriculum:

- 1. Emerging Technologies:**
 - Add dedicated courses on **Cloud Computing, Machine Learning, DevOps, and Edge Computing**.
 - Integrate modules on **Internet of Things (IoT), AI and Neural Networks, and Cybersecurity Essentials**.
- 2. Programming Skills:**
 - Update programming subjects to include **GoLang, Rust, and Kotlin** along with Python, Java, and JavaScript.
 - Emphasize **Full-Stack Development** with a focus on frameworks like React, Angular, and Django.
- 3. Industry-Centric Projects:**
 - Promote hands-on experience through **Hackathons, Collaborative Coding Events, and Real-World Applications Development**.
 - Include mandatory **Open-Source Contributions or Community-Based Projects**.
- 4. DevOps and Automation:**
 - Introduce tools like **Jenkins, Docker, Kubernetes, and Terraform** to prepare students for real-world deployment scenarios.
- 5. Data-Driven Technologies:**
 - Offer in-depth courses on **Big Data Analytics, NoSQL Databases** (e.g., MongoDB, Cassandra), and **Data Visualization Tools** like Tableau and Power BI.
