## 1. Introduction:

The seminar titled "Understanding the Patenting Process" was held on 14th March 2024 at the MBA Seminar Hall. This session aimed to provide MBA/MCA program students and faculty members with an in-depth understanding of the patenting process, from the application to the grant phase. Dr. Rajendra Jarad, a subject matter expert in intellectual property, was invited as the resource person.

## 2. Objectives of the Seminar:

- To educate participants about the step-by-step process involved in obtaining a patent.
- To clarify the criteria for patentability and the types of patents.
- To provide insights into global patent systems and treaties.
- To offer practical advice on handling patent applications and related challenges.

### 3. Key Topics Covered:

- **Introduction to Patents:** Dr. Jarad provided a thorough introduction to patents, emphasizing their role in protecting innovations and inventions.
- **Patenting Process Overview:** The seminar covered the full patenting process, including:
  - Filing a patent application
  - Patent examination and approval
  - Patent maintenance and enforcement
- **Patent Types and Criteria:** The session discussed the various types of patents (utility, design, and plant patents) and the key criteria for patent eligibility, such as novelty, non-obviousness, and industrial applicability.
- **Global Patent Systems:** The importance of international patent protection through treaties like the Patent Cooperation Treaty (PCT) was highlighted.
- **Real-Life Case Studies:** Dr. Jarad shared examples of successful patent applications, along with some common pitfalls and challenges faced by inventors during the process.

### 4. Audience Interaction:

The seminar was interactive, with a Q&A session where participants were encouraged to ask questions related to their individual experiences or interests in the patenting field. This allowed for a deeper understanding of real-world issues in the patenting process.

### Key Topics Discussed:

Dr. Zaware began by explaining the purpose of a literature review in academic research, emphasizing its role in synthesizing existing knowledge and identifying research gaps. He guided the participants through the process of conducting a literature review, including:

- **Identifying Relevant Sources:** Dr. Zaware discussed how to select credible and reliable sources, such as peer-reviewed journals, books, and academic databases.
- **Analyzing and Synthesizing Literature:** He provided practical tips on how to organize and synthesize the findings from different sources to create a cohesive understanding of the topic.
- **Evaluating Sources Critically:** The importance of critically assessing the quality, relevance, and credibility of sources was emphasized.
- **Research Tools:** Dr. Zaware introduced participants to tools and databases, such as Google Scholar, JSTOR, and PubMed, to enhance the research process.
- **Avoiding Common Pitfalls:** The seminar also covered common mistakes that researchers make during the literature review process and provided strategies to avoid them.

### Interactive Session:

The seminar included an interactive Q&A session, where students and faculty members had the opportunity to ask questions and share their challenges regarding the literature review process. Dr. Zaware provided insightful solutions and real-world examples, further enriching the learning experience.

### Summary :

The seminar successfully provided attendees with the necessary tools and knowledge to conduct a comprehensive and effective literature review. Dr. Zaware's expertise and the practical advice offered during the session will greatly benefit participants in their research endeavors. The event was coordinated under the leadership of Dr. Priyanka Singh, with support from Prof. Kiran Shejul and Prof. Sachin Kumbhar, ensuring its smooth execution and success.
