5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities

Dr. DYPIMED actively encourages student representation on academic and administrative bodies, offering them valuable exposure to administrative, co-curricular, and extracurricular activities by including them as members of various committees. Students are engaged in committee meetings and contribute to decision-making processes. Below is a list of committees with student representation and involvement:

1. **Class Committee**
2. **Sports and Cultural Committee**
3. **Internal Quality Assurance Cell (IQAC)**
4. **Anti-Ragging Committee**
5. **Internal Complaints Committee**
6. **General Grievance Cell. and others.**

The institute ensures adequate representation of students in academic and administrative matters, allowing them to actively participate in all aspects of college functioning. Students are nominated to various committees, such as the IQAC, Library Committee, Cultural Department, and Sports Department, by the Director in consultation with the Heads of Departments (HODs). This participation provides students with opportunities to enhance their overall personality and leadership skills.

Students also play an active role in organizing and participating in co-curricular and extracurricular activities, such as cultural programs, sports, and other events. With their support, the institute successfully conducts a wide range of activities, including sports tournaments, cultural events, competitions, tree plantation drives, the Annual Social Gathering, Subject Society programs, and national festivals. These initiatives foster a holistic development environment and nurture a sense of responsibility among students.
